

WALK 10

This walk is suitable for parents with buggies and is on footpaths that are generally easily walked.

Time: approx 30-40 minutes.

Distance: approx 1.5 miles.

Starting point is the Dog and Duck public house in Lower Street (A).

Turn right and walk up High Lane until you reach FP13. Cross High Lane and follow the path in a westerly direction until you join Norman's Way. Walk up the road to join Cambridge Road (B1383). Turn left and walk south along Cambridge Road until you reach Clarence Road. Turn left on FP38, then right on FP39 which runs between the houses in St John's Road and Greenfields.

At Chapel Hill turn left, cross over the road and immediately turn right into Recreation Ground Road. Walk along, passing Lopy's Hill on your left and take the small twitchell (FP51) bearing left towards the Windmill. Turn left into Mill Hill (opposite the Mill) and left at the bottom into Brook Road. At the end of Brook Road, turn right over the gravel driveway and cross Stansted Brook by the footbridge. Turn left into Water Lane (B) and continue along to join Station Road and return to Lower Street.

This walk can be extended from (B) by taking FP14 which follows the pedestrian bridge over the railway (known as The Black Bridge), up a slope that leads to Park Road. Walk to the end of Park Road, cross Church Road and turn left, walking back downhill to join Lower Street. (*Take care crossing Church Road as sight-lines can be obscured by foliage in the growing season*).
